

The Town Council is committed to providing improved defibrillator access across Axminster.

Currently, you can find a public access defibrillator at the following locations (to the best of our knowledge).

* indicates that this defibrillator is owned and managed by the Town Council

** indicates a defibrillator in private ownership which may not be available 24/7.

Most defibrillator cabinets are locked to prevent theft and access is via a code available via 999 Emergency Operator.

We have provided a **WHAT-THREE-WORDS** location for each unit. <https://what3words.com/shows.salads.severe>

* Waffle house, Trinity Square (by main staircase)

ONLY AVAILABLE DURING OPENING HOURS – **dugouts.blurs.blend**

* Total Renewables - Millwey Rise Industrial Estate (on outer wall of warehouse)

UPDATE (NOVEMBER 2022):

The Town Council is presently seeking consent to install a further 6 defibrillators across the town, some funded by Council Tax receipts and others by a generous donation from 3rd parties.
